Forms can be faxed or emailed, but hand delivery is best so the office can take a quick look at the application and catch any missing item. All parties involved are asked to come in together when turning in the applications and common forms. The approval process will not be started until all the required forms have been received in the office.

Once approved you will be emailed a contract and given 24 hours to respond and set an appointment to sign the lease. After this notice, applicants have 2 working days to sign the lease and pay the deposit in full. The security deposit is what reserves the apartment. Turning in the applications does not guarantee the holding of a apartment. A signed lease with a fully paid security deposit is required.

A lease signing appointment is required for the whole group to come together to sign the lease so all questions can be answered at once. Exceptions are made when someone is studying abroad or out of state.
